"From chemistry to medicine – 35 years of Moldo-Romanian scientific collaboration"

**PROGRAM** 

November, 10-15 2025 Chisinau, Republic of Moldova

#### **WELCOME**

Dear Colleagues and Friends,

We are delighted to welcome you at the International Congress "MEDICINE, MOLECULAR AND ENVIRONMENTAL SCIENCES 2025" in Chisinau and we thank you for attending.

Please join us in celebrating 35 years of Moldo-Romanian scientific collaboration.

The MedMolMed 2025 congress aims to play a key role in developing research and expanding collaboration in the fields of molecular and life sciences. Expanding collaboration between scientists from Moldova and Romania is essential for maintaining our relevance, competitiveness, and visibility in the European and global academic area.

Topics include basic and applied researches as well as case studies in the fields of medicine, chemistry, physics and all related biomedical and molecular areas (pharmacy, biochemistry, food sciences, material sciences, crystal engineering, ecology, etc).

There are over 200 participants and papers registerd to MedMolMed 2025. We thank you for the interest shown in this event.

Last but not least, we wish to thank all the sponsors and institutions for their commitment and much appreciated support of the conference. We hope that direct contacts btween sponsors and participants will enhance collaboration in future reserch projects and infrastructure development.

We hope that the program will stimulate enthusiastic discussions and we wish you a nice stay in Chisinau.
